

Live Editing Preferences

## Benefit

- Find a unified place to:
  - Set the behaviour of Track/Clip selections
  - Set Zoom Toggle behaviour
  - Set Note/CC chasing behaviour

## Features

- If users work mainly with virtual and external *MIDI* instruments the users experience can be improved by adding an option to chase long notes when playing back from the middle it. If a user wants to create an evolving 2:00 min drone pad. Up until now the Edit Cursor has to start before the *MIDI* notes/events. Thanks to the new setting as soon as **Notes** is enabled under Editing Preferences and Edit Cursor is placed 1:00 min in, *MIDI* notes/CC will get chased as expected and play back correctly for the remaining time
