Live Editing Preferences

# Live Editing Preferences

Benefit

Find a unified place to:
    Set the behaviour of Track/Clip selections
    Set Zoom Toggle behaviour
    Set Note/CC chasing behaviour

Features

If users work mainly with virtual and external MIDI instruments the users experience can be improved by adding an option to chase long notes when playing back from the middle it. If a user wants to create an evolving 2:00 min drone pad. Up until now the Edit Cursor has to start before the MIDI notes/events. Thanks to the new setting as soon as **Notes** is enabled under Editing Preferences and Edit Cursor is placed 1:00 min in, MIDI notes/CC will get chased as expected and play back correctly for the remaining time
